James Russell : The Dragon Hunters (The Dragon Brothers) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dragon Hunters (The Dragon Brothers):

1 of 1 people found the following review helpful. Lots of fun and adventureBy Kizzi R.The Dragon Hunters, written by James Russell and illustrated by Link Choi, is a tale of two brothers told in rhyme. Dragon stories are always popular with children and this story is sure to be a hit. The rhyme is well done, and the illustrations are fantastic. The book moves along quickly and will keep even the shortest of attention spans engaged. The two brothers use teamwork and ingenuity to retrieve their dog from the fire-breathing dragon, and parents will love to see a story where siblings get along and work together.While I reviewed an e-book version and did not get to test it out, the book has interactive features which can be unlocked by using the appropriate app. This could be a fun feature for slightly older children and add to the story-telling experience.This story will engage children in the upper range of picture books as the style feels more like a chapter book than a lower-level picture book.If your young readers love this book, there are more to come! The Dragon Hunters is the first in a brand new series, The Dragon Brothers, with two more books scheduled for release in the coming months.Highly recommended for children ages 5 to 8.Thank you to the publisher for a reading copy of this book in exchange for my honest review.0 of 0 people found the following review helpful. A Fun Adventure, in VerseBy Pop BopA dragon kidnaps the brothers' dog, and so it's off to the dragon's lair to rescue the canine kidnappee. That's certainly fun, and the drawings are colorful, energetic, and clearly support the story.But what I most appreciated was the author's ambitious decision to tell the story in verse. It isn't done in a sing-song scheme, and the rhymes aren't too tortured. Here's an example: "Their mother woke and saw them gone. Said she, 'I have a hunch: they've gone to look for Coco. At least they took some lunch.'" That's an interesting rhyme, the meter is just a bit unusual, and there's even a bit of a dry joke in Mom's thought. For a younger reader this just struck me as a clever, painless and inviting introduction to narrative poetry.But putting that aside, the book works as an early reader adventure. You have a pet in danger, a rescue quest, two brothers who work well as partners, some quick thinking, and a happy ending. The drawings are very helpful for a young reader because they clearly complement and illustrate the tale. The kids are expressive, the action is clean, the colors are bright and inviting.So, a solid picture book. There's some mishigas about an Android phone app, (AR Reads), that makes the endpapers 3-D and moves the characters in an "augmented reality" fashion. I'm not sure how you might feel about diverting attention from reading to watching the story on a phone, but I'm not in love with the idea. On the other hand, this may be the picture book of the future. If you're curious there's a demo of how the app works at the Dragon Brothers book blog.So, the upshot was that this was fun and engaging, and I count it a happy find. (Please note that I received a free advance will-self-destruct-in-x-days

Adobe Digital copy of this book without a review requirement, or any influence regarding review content should I choose to post a review. Apart from that I have no connection at all to either the author or the publisher of this book.)1 of 1 people found the following review helpful. this fun little adventure is sure to become a favorite of ...By Stacy ReneeA very cute story about two brothers, Flynn and Paddy, and their beloved dog, Coco, who is whisked away by a dragon. They set out on a journey to find the dragon and rescue their pet.Told in rhyming verse, this fun little adventure is sure to become a favorite of young children everywhere. The illustrations fit the mood of the story, are fun, and even include a map!This is the first in a trilogy of picture books for children so this is perfect for young children who want more to the story. Keep an eye out for the sequels, The Dragon Tamers and The Dragon Riders!I received a free ecopy of this book. All thoughts and opinions are my own.

Away across the oceans,where few have dared to roam,upon a wondrous island,a family made its home.Living on an island means life is full of adventure for brothers Flynn and Paddy. So when a dragon swoops out of the sky and nabs their beloved dog, Coco, Flynn and Paddy know it's up to them to bring her home. That night, they pack their bags, make some terrible sandwiches, and set off on an epic adventure...See the map in this book come alive! Includes BONUS Dragon Brothers map in 3D for your phone or tablet! Download the free AR Reads app on your Android?or iOS?compatible smartphone or tablet to see and hear dragons fly, geysers gush, and get a glimpse of your favorite characters in action!

"This is a fantastic book, and I bet you will like it, too. Since even my mom enjoys reading it, I would recommend this book to five- to forty-year-old readers. I look forward to more books from The Dragon Brothers series." - Kids' BookBuzzAbout the AuthorJames Russell is an author and journalist from Auckland, New Zealand. His books celebrate the imagination and carefree spirit of young children. He is married and has two young, adventurous boys. Learn more at dragonbrothersbooks.com.
